## *AUDITOR'S STATEMENT*

---

I hereby certify that I have examined the reports of the School Board and School Treasurer, and find them correct with proper vouchers.

PERLEY E. BREED, Auditor

*Report of School Board*

It has been the custom of the Department of Public Instruction in previous years to notify school boards on or about Feb. 1st of the amount of money required by law for schools, and the amount to raise entitling districts to state aid.

There is a bill at the present time before the Legislature which reorganizes the whole system of raising school money and apportionment of state aid.

We were advised by the Department of Public Instruction to delay our annual school meeting in order to follow the new regulations, if this bill becomes a law. For this reason we have no School Warrant with our report.

Although our past year's school attendance has not been all that we could wish, we realize that some of it has been due to the health conditions, and would thank all those who have done what they could to make the work of teachers and school board a less arduous task.

Let us all encourage the ideas of the "Back-to-School-Drive," thus getting the best of our elementary school training, even if not going on to the higher schools. It is highly unpatriotic for boys and girls to withdraw early from school.

We would recommend to be raised for:

High School tuition	\$200.00
Books and supplies	100.00
Flags and appurtenances	10.00
